

Technical Digest Preparation Guidelines

DUE DATE: November 22, 2010

- Upload IEEE eXpress Approved PDF Manuscript
- Presenting Author Must Register On-Line
- Completed and Signed IEEE Copyright Form Received
- Extra Page Form Received (if applicable)

The website will start accepting your uploaded PDF on November 12, 2010.

Signed IEEE Copyright form may be sent by email, fax, or mail to:

**Shirley J. Galloway
Preferred Meeting Management, Inc.
Attn: IEEE MEMS-11 Conference
140 Wolcott Drive
Boardman, OH 44512 USA
Fax: 1-330-629-2376
Email: sgalloway@pmmiconferences.com**

CONTENT INFORMATION

- General Instructions to Authors x
 - **Both Oral/Podium** and **Poster/Oral** Authors are required to submit a final manuscript for the Technical Digest.
- Instructions for Format/Style of Final Manuscript x
 - All papers that do not MATCH this format will be rejected and returned for correction. Please pay attention to the guidelines and prepare your manuscript correctly the first time. It will save us both time and money.
- Instructions for Creating a IEEE Xplore Compatible PDF x
- Technical Digest Extra Page Form (if applicable) x

IEEE Copyright Release Form attached to email
Original signed form is MANDATORY for inclusion in the Technical Digest.

On-Line Registration is also due on or before November 22, 2011

- On-line registration is **MANDATORY** prior to printing of your paper in the Technical Digest.
- **NOTE:** Early bird discount registration deadline is October 31, 2010.

**Failure to respect the November 22nd deadline
may ensue the EXCLUSION OR WITHDRAWL
of the contribution from the Conference.**

GENERAL INSTRUCTIONS TO AUTHORS

Conference Date and Location: January 23 – 27, 2011
Hilton Cancun Golf & Spa Resort
Cancun, MEXICO

Read ALL of the instructions carefully **BEFORE** proceeding.

Due November 22, 2010

1. Create PDF file by using IEEE eXpress:

****eXpress link will be sent once it is received from IEEE**

2. Upload approved IEEE eXpress PDF file to:

<http://www.ieee-mems2011.org/authors/manuscript.html>

Note: this link will open on November 12, 2010.

3. Completed and signed Copyright Release Form sent by email, fax, or mail.
 - o Signed form is MANDATORY for inclusion in the Technical Digest.
4. On-Line Completed Conference Registration Form and payment of registration fee:

<http://www.ieee-mems2011.org/registration/registrationform.html>

NOTE: Early bird discount registration deadline is October 31, 2010.

5. Technical Digest Extra Page Order Form (if applicable).
 - o If your paper exceeds 4 pages, an additional \$200 per page charge must be included.
 - o Maximum paper length is 6 (six) pages.

Please email, fax OR mail the signed IEEE Copyright Form and Extra Page Form (if applicable) to:

email to: sgalloway@pmmiconferences.com

Fax to: **1-330-629-2376**

Mail to: **Shirley J. Galloway**
Preferred Meeting Management, Inc.
Attn: IEEE MEMS-11 Conference
140 Wolcott Drive
Boardman, OH 44512 USA

INSTRUCTIONS FOR TECHNICAL DIGEST PAPER

READ ALL INSTRUCTIONS COMPLETELY AND CAREFULLY BEFORE PROCEEDING.

The MEMS Technical Digest will be printed from the electronic PDF file which you will submit to the web-site. It is very important that all papers be consistent and uniformed throughout the Technical Digest. Please use the following style indicated below to allow us to maintain uniformity in the final copy. A Sample Paper is available on the web-site and attached to this e-mail.

Your paper formatting and style **MUST** match the sample exactly to ensure inclusion in the digest.

****Important note to authors who plan to submit patent applications: January 10, 2011 is the date when the content of your paper will be disclosed to the public.**

Instructions (these perimeters must be adhered to):

- The manuscript that you prepare will be used and printed as it is received. Please make sure that you do not have double images and that all tables and chart lines are heavy and distinguishable.
- The hardcopy Digest book will be printed in black and white. Color images, pictures, and charts will convert to grayscale for the printed Digest. The electronic version will be produced in color. Authors must make sure that there is reasonable contrast when these are converted. Please keep in mind that we cannot guarantee that your images will be sharp/visible once printed in grayscale. It is the author's responsibility to ensure that color images convert to grayscale properly. You can easily check this by printing to a black and white printer to ensure that there is contrast.
- Clarity and Uniformity are of paramount importance.
- Prepare up to four (4) pages of text and figures.
 - Longer papers will be printed only if accompanied by payment of a **mandatory over-length charge of \$200 per page**.
 - The absolute maximum length with payment of the over-length charge is six (6) pages.
- Do **NOT** number your pages
- Do **NOT** password protect your PDF file.
- All fonts **MUST** be embedded.

Style and Format:

- Please have a close look at the sample paper which is accompanying this document. Your paper format **MUST** match the sample by style and format. All papers that do not **MATCH** this format will be rejected and returned for correction. Please pay attention to the guidelines and prepare your file correctly the first time. The sample paper may act as a template for you.
- Font: **Times New Roman ONLY** for all text and the **Symbol Font** for symbols
- Paper Size: 8.5" x 11" Paper: Create all pages to be 8.5" x 11" page size
A4 Paper: Create a special size document in document set-up:
21.59 cm x 27.94 cm. For unit conversion: 1 inch = 2.54 cm
- Paper Margins: Define .75" (1.9 cm) wide left, right and top margins.
The bottom margin should be 1".
- Do not overcrowd and create an unreadable paper by making the lettering or the spacing too small in the text.
- All manuscripts must be typed single space (or equivalent) to fit within the two column borders. Small type faces can create severe readability problems when printed. Do not use a smaller print than 10 point.
- Text should follow two (2) column layout and should be left-and right-justify within the column. Leave .25" (0.635 cm) between the columns. On the last page of your paper, try to adjust the lengths of the two columns so they are even.
- Use either one or two spaces between sections and between text and tables or figures to manipulate the column length.
- Use two spaces after periods at the end of sentences.
- Define abbreviations and acronyms the first time they are used.
- Please remember to spell check your entire paper manually.
- Paper title is to appear in **CAPITAL LETTERS** centered across the top of the two columns on the first page. **14 POINT BOLD TIMES NEW ROMAN**
- Do NOT split words in your title between two lines. If a word splits at the end of the line and adds a hyphen, please move the entire word down to the next line.
- Authors' names (*12 Point Times New Roman Italic*) and institutions (12 Point Times New Roman Regular) appear below the title, also centered, in capital and lower case letters. Give all authors' names; do not use et. al.

- Do NOT split author names between two lines. First and last names should stay together.
- When authors are from more than one institution, use ¹superscripts with the corresponding institution. Please only use the actual name of the institution and not your Department, Center or Laboratory
- **NO blank lines** between, title, authors and institutions

EXAMPLE:

SAMPLE PAPER TITLE
MANUSCRIPT PREPARATION GUIDELINES FOR MEMS 2011

J.Q. Public¹, J. Doe¹, and G.I. Joe²

¹The Technical Manuscript Design Group, Sorrento, ITALY

²The Scientific Paper Formatting Initiative, Tucson, Arizona, USA

- Abstract: Each paper should contain an abstract of about 100 words that appears at the beginning of the paper. Be sure and head the paragraph with **ABSTRACT (no numbering/left justify/BOLD 12 POINT and ALL CAPITALS)** and indented .25” (0.635 cm).
- Section headings appear left justified, **BOLD, 12 point, ALL CAPITALS**. Do NOT number headings. Suggestions for titles are:

INTRODUCTION
DESIGN
FABRICATION
RESULTS

CONCLUSIONS
ACKNOWLEDGEMENTS
REFERENCES

- Sub-Section Headers (to major headings): **10 point bold**, in Upper Lower Case
- Text body: 10 points, regular: all paragraphs are to be indented .25” (0.635 cm).
- Illustrations, Figures, Charts and Tables must appear within the designated areas. Text should be *10 points, Italics*. They may span two columns if necessary.
- Caption and number every illustration. Figure captions should be below the figures; table captions should be above the tables.
- Double check your sequence numbering of figures and charts.
- Figure/table numbers should be followed with a colon “:” after them. (i.e. Figure 1:)
- Do not have any “noise” behind your tables and charts that are not necessary. “Noise” is unnecessary background fuzz. To remove “noise” in PhotoShop use the de-speckle or dust/scratches features.

- The charts, graphs and tables need to be created and placed in the file at 100%. If they are not placed at 100% or scaled to fit the size of the rules (lines) will change accordingly. Example: A chart prepared at 6" x 9" using .5 rules and then scaled by 50% to fit in the document the rules will reduce to .25 thus causing the rules to not show up in the Digest when it is printed.
- **Do not use very thin lines (hairline rules) in any of your Illustrations, Figures, Charts and Tables. All lines need to be .5 rule or higher.** Line drawings must be made in black ink. Shading is permitted. No scanned copies of photos. Scanned copies will print very blurry. The hardcopy Digest book will be printed in black and white. Color images, pictures, and charts will convert to grayscale for the printed Digest. The CD-ROM will be produced in color. Authors must make sure that there is reasonable contrast when these are converted. Please keep in mind that we cannot guarantee that your images will be sharp/visible once printed in grayscale. It is the author's responsibility to ensure that color images convert to grayscale properly. You can easily check this by printing to a black and white printer to ensure that there is contrast.
- Do not shade the charts, graphs and tables with patterns within the software that you are using. You can create simple patterns (vector art) or use tints of black. Make sure there is a lot of distinction between the patterns and/or shades used. Do not go below 10% of black or it will not show up when printed in the Digest.
- Do **NOT** have your paper reference number in the body of your paper.
- Photographs: All halftone illustrations must be high quality. Authors must make sure that there is reasonable contrast for all photos/images. When using color, please keep in mind that we cannot guarantee that your images will be sharp/visible once printed in grayscale. It is the author's responsibility to ensure that color images convert to grayscale properly for the printed hardcopy.
- Footnotes: Do **not** use footnotes. Rather write your text to include all essential ideas and to be free from material of low importance. If you have no other option and must use a footnote, number the footnotes separately in superscripts¹. Place the actual footnote at the bottom of the column in which it is cited.

Do not put footnotes in the reference list or exceed the margins limits.

- References: List and number all references at the END of the paper (10 points). When referring to them in the text, type the corresponding reference number in square brackets as shown at the end of this sentence [1]. Number them consecutively. e.g.

INSTRUCTIONS FOR CREATING A COMPATIBLE PDF

All PDF's **MUST** be created or approved by IEEE PDF eXpress.

After creating your manuscript you must convert it to a PDF. All PDFs must be created in IEEE PDF eXpress. Please follow these two steps carefully and contact us if you should have any problems.

STEP 1: Creating your IEEE PDF eXpress Account

<http://www.pdf-express.org/>

Enter the following contact information:

- * Conference ID: **MEMS2011x** *Note: this ID code will be activated on November 1, 2010*
- * Email address (IEEE PDF eXpress will send notices to this address)
- * Confirm email address (for confirmation)
- * Choose a password (you will be asked to confirm this password on the next screen)

Click Continue, and fill in the required information. The phone number is especially important, if a problem arises with email or Internet systems. Click Continue, and you should see the account confirmation on screen. You will also receive an email confirming the account setup. If you do not receive this email within 24 hours, contact PDFSupport@ieee.org.

Once you have created your account, you can login anytime to submit PDFs for Checking, or source files for Conversion to PDF.

STEP 2: Uploading Files

Login to your account, and click on the "Create New Title" button, located beneath the Title Status Table. Enter the title of your submission in the field provided, and then click either "Submit PDF for Checking" or "Submit Source File(s) for Conversion". The next screen will allow you to upload your file.

Acceptable File Types (Source File) for Conversion. IEEE PDF eXpress converts the following application formats to PDF:

- * Microsoft Word
- * WordPerfect
- * Rich Text Format
- * Freelance
- * (La)TeX (A DVI and supported image files must be included in a compressed archive)
- * PageMaker (images should not be embedded, included with main file in a compressed archive)
- * FrameMaker
- * Word Pro
- * Quark (*.qxd and images files must be included in a compressed archive)

At any time, you may alternate between submitting PDFs and source files for one title. You can convert 10 source files and check 3 PDF files with one Paper ID. **Never submit** a revision to an existing title by clicking Create New Title. If you use up all of your Checks and Conversions for a title, contact PDFSupport@ieee.org.

Make sure that there are no grammatical, spelling, or content errors in articles prior to submitting to IEEE PDF eXpress. Make sure that your paper format matches the sample paper.

When your PDF is ready, you will receive an email with the IEEE PDF eXpress-generated PDF attached.

You may review the PDF attachment, or view it through your IEEE PDF eXpress account. You will need Adobe Acrobat Reader 4.0 or later.

NOTE for online review: Some browsers cache the older version(s) of your PDF. To ensure that you are viewing the current version of your PDF, clear your browser's cache. To clear cache from the window displaying your PDF, select "View" from the browser's toolbar; press & hold the "control" key and select "Refresh" from the drop down list.

You are responsible for reviewing your PDF to ensure it looks as it did in the source file you provided.

Pay close attention to special characters, as these may not convert correctly.

Printing your PDF and reviewing the hard copy is also recommended.

When you receive an acceptable, IEEE eXpress-compatible PDF, submit this final PDF to:

<http://www.ieee-mems2011.org/authors/manuscript.html>

The website will start accepting your uploaded PDF on November 12, 2010.

Additional Information for IEEE eXpress:

Revising your Submission in IEEE eXpress

Click on the "Try Again" link for the paper you want to change. Remember that you may submit either a PDF or source file(s), until you reach the maximum PDF Checks/Source File Conversions, for that title. If you reach both maximums for a title, contact PDFSupport@ieee.org.

Never Create a New Title for a submission already in the IEEE PDF eXpress database!

Requesting a Manual Conversion

If your IEEE PDF eXpress-generated PDF is showing errors not found in the source, you can Request a Manual Conversion. You will be asked to provide specific information about what is wrong with the PDF (include figure and page number references, etc.) Your source file will be sent to our Technical Support team for special handling.

The Request Manual Conversion link becomes active once the PDF conversion is complete.

TECHNICAL DIGEST EXTRA PAGE FORM
MEMS 2011 Conference
Cancun, MEXICO
January 23 – 27, 2011

First Name _____

Last Name _____

Degree - Ph.D./Other _____ Position/Title _____

Institute/Organization _____

Department _____ Division _____

Business Address _____
